Considerations for Purchases using MGIC

Is the client MGIC (the entity)?

yes   **no**

If the client is UMB:

1. Will goods & services be delivered primarily outside the US?

2. Does the transaction pose a threat or actual liability to UMB or the State of MD outside the US?

3. Are there other major risks & costs that make it unwise for UMB to take action?

If yes to ANU of the questions above   **If no to ALL the questions above**

Use MGIC procurement process   **Use UMB procurement process**
